# TOYOTA LANDCRUISER 76 SERIES 4.5L WAGON

03/2007 - 07/2016

 1300 992 195  
 [torqit.com.au](http://torqit.com.au)

The 76 Series Landcruiser may be lacking in many modern luxuries, but it still stands out as an extremely capable and well-loved 4WD, especially for heading off the beaten track. To take its capabilities to new heights, Torqit has developed a product range which safely and effectively targets the prominent areas restricting its performance. For maximum results and savings, we recommend combining Torqit's 76 Series product range in a full performance upgrade.

✔ **Response**    ✔ **Power**    ✔ **Torque**    ✔ **Fuel Efficiency**    ✔ **Note**

## PERFORMANCE EXHAUST

Torqit has two Performance Exhaust options for the 76 Series Landcruiser. Each exhaust is mandrel bent from premium 304 grade steel, and built to:

- ✔ Maximise torque and performance
- ✔ Improve fuel economy and maximise energy output
- ✔ Deepen vehicle note with steel up to 2mm thick
- ✔ Increase flow, lower EGT's and reduce back pressure
- ✔ Withstand extreme off-roading and rugged terrain

Bolting onto the back of the turbo, Torqit's exhaust range for the pre-DPF 76 Series Landcruiser also includes:

- ✔ High flow catalytic converters for maximum flow
- ✔ Double braided flex bellows to absorb excess movement and vibrations
- ✔ Titanium coated dump pipes to rapidly disperse heat

Torqit's 3.5 inch system for this model was the first of its kind to be introduced in Australia. Both our 3" and 3.5" turbo back options include a resonator, which produces a deep note with a V8 grumble.

Scan or click the QR code to listen to the note on our 3.5" 76 Series Performance Exhaust - **how a V8 should really sound!**

## ENGINE PERFORMANCE

Added weight from aftermarket accessories, heavy loads, and towing trailers/ boats can noticeably reduce the performance of the 76 Series, as well as increase stress on the engine and reduce its fuel economy. Torqit provides two options to target these issues- the Power Module or ModuleMap.

Not sure what's right for you? Scan or click the QR code to check out our blog on the **difference between chipping and remapping**

### POWER MODULE

- ✔ Adjust vehicle fuel rail pressure and turbo boost to increase torque and power
- ✔ Wireless Bluetooth control
- ✔ Simple plug and play installation
- ✔ Three modes (Economy, Cruise and Sport) with 27 settings
- ✔ 5 year product warranty

OR

### MODULEMAP

- ✔ Remotely program and optimise vehicle settings
- ✔ DIY install without visiting a tuning shop
- ✔ Customise the tune to suit aftermarket modifications
- ✔ Adjust vehicle with three tunes: Cruise, Sport and Standard
- ✔ Return to factory settings at any time
- ✔ Includes drive-line warranty

## PEDAL TORQ THROTTLE CONTROLLER

The Pedal Torq reduces throttle lag so that your 76 Series Landcruiser is quicker off the mark, has smoother gear changes and responds quicker when overtaking and towing. An added bonus - you will see a potential improvement in fuel economy. We have two options to remove sluggish behaviour and enhance the drivability of the 76 Series - the Pedal Torq or Pedal Torq Plus.

### PEDAL TORQ

- ✓ Six modes with 30 settings
- ✓ Personalise response with Intelligent mode; which adapts to your driving style
- ✓ Hardwired with easy dash mount control
- ✓ 5 year product warranty

OR

### PEDAL TORQ PLUS

- ✓ Eight modes with over 60 settings
- ✓ Bluetooth connected with wireless control
- ✓ Immobilise vehicle with Anti-Theft Mode
- ✓ 5 year product warranty

Scan or click the QR code to watch Justin from Patriot Campers review the Pedal Torq – **this powerful little device is a staple on all their tourers.**

For maximum results and savings, we recommend combining Torqit's 76 Series products for the ultimate full performance upgrade. **Check out our KIT options at [www.torqit.com.au](http://www.torqit.com.au).**

## STAINLESS STEEL SNORKEL

A properly functioning snorkel is crucial to preventing dust and water intake, and with Torqit's Stainless Steel 4" Landcruiser snorkel, it's also a chance to improve engine performance. Torqit's snorkel provides maximum airflow and engine efficiency, plus potential fuel savings. Key features of Torqit's 76 Series Snorkel:

- ✓ Premium 304 grade stainless steel
- ✓ Mandrel bent, one-piece design
- ✓ Heavy-duty brackets with a laser cut logo and padded backing
- ✓ Stainless steel/ satin black powder coated option
- ✓ OEM-certified paint for guard cut
- ✓ Rubber pinch weld
- ✓ Industry-first steel fitting template
- ✓ Uses existing factory mounts
- ✓ 5 year product warranty

## STAINLESS STEEL AIRBOX

A tightly sealed airbox is a non-negotiable for keeping your Wagon's engine free of water and dust. With a raised and tapered lid, Torqit's Stainless Steel airbox optimises airflow across the filter's entire surface area, which is 1.3 times larger than the standard airbox. Key features of Torqit's Stainless Steel Airbox:

- ✓ Premium 304 grade stainless steel
- ✓ CNC folded, and laser cut construction
- ✓ Ryco flat paper filter
- ✓ Integrated Donaldson water drainage valve
- ✓ Two-bolt and spring-hinged lid
- ✓ High flow hoses and silicone joiners
- ✓ Stainless steel/ satin black powder coated option
- ✓ Simple bolt-in installation
- ✓ 5 year product warranty

## TESTIMONIALS

*...“If you are in the market for some great quality products and bloody fantastic after sale service then give these blokes a go you won't be disappointed” - S.Mcqueen*

*“The Power Module is excellent...it makes a hell of a difference. It feels like I've lost a few hundred kilos in the weight of the car, combined with the throttle controller it's just more urgent to move. All of it installed with the exhaust (and a Safari ram air snorkel) the motor feels like it's been freed up a bit – I can certainly hear it breathing a lot better when I drive...I reckon any of the pieces on their own would probably be good but the kit is the way to go, it's definitely worth the cost.”  
- W.Harris*

*“...extremely impressed with the quality of the product. What these guys produce is absolutely second to none. Their workmanship is superb and the guys they have manufacturing the exhausts definitely know what they are doing....”  
- A.Sands*

*“Top of the line customer service, high quality parts and warranty to back it up.” - J.Harvey*

*“Wow! What a great way to upgrade your vehicle. I Installed the Power Module Plus in minutes and definitely felt a noticeable difference in my truck. Now I have three different settings to choose from depending on the driving conditions. Wanna save gas on a road trip? Click and done! Wanna get more low end torque for towing? Click and done! I'm like a kid with a new toy! I love showing off my Torqit app on my phone. It leaves all my friends impressed” - T.Little*
